

(3) *Example.* The application of section 823(c) and this paragraph may be illustrated by the following example:

M, a mutual insurance company subject to the tax imposed by section 821(a), has the following items for the taxable year 1963:

Gross amount for purposes of section 823(c)(1)	\$800,000
Gross investment income (including capital gains)	150,000
Capital gains	100,000
Gross income under section 832	900,000
Deductions under section 822(c)	22,000
Deductions under section 832 (as modified by section 823(b)(2))	746,000

Under the provisions of section 823(c), M's special small company deduction for the taxable year 1963 would be \$3,000, computed as follows:

(1) Gross amount for purposes of section 823(c)(1)	\$800,000
(2) Amount by which \$1,100,000 exceeds item (1) (\$1,100,000 minus \$800,000)	300,000
(3) 1 percent of item (2) (not to exceed \$6,000)	3,000
(4) Gross income under section 832, reduced by gross investment income (\$900,000 minus \$150,000)	750,000
(5) Deductions under section 832 (as modified by section 823(b)), reduced by deductions under section 822(c) (\$746,000 minus \$22,000)	724,000
(6) Limitation on deduction under section 823(c) (1) (excess, if any, of item (4) over item (5))	26,000
(7) Deduction under section 823(c)(1) (item (3) or item (6), whichever is the lesser)	3,000

[T.D. 6681, 28 FR 11116, Oct. 17, 1963]

§ 1.823-7 Subscribers of reciprocal underwriters and interinsurers.

A subscriber or policyholder of a reciprocal underwriter or interinsurer entitled to the deduction allowed by section 823(b)(2) and paragraph (c)(2) of § 1.823-6 shall treat amounts representing savings credit to his individual account for the taxable year as a dividend paid or declared for purposes of computing his taxable income. If a reciprocal credits savings to subscriber accounts after the close of its taxable year, but before the 16th day of the third month following the close of the taxable year, and the reciprocal takes such credits into account as if they had been made on the last day of its taxable year, the subscribers of such reciprocal must take such savings into account as if they had in fact been credited on the last day of the company's taxable year. The subscriber shall take savings credited to his account into account without regard to whether the amounts credited are actually distributed to him in cash. To the extent the

insurance premium constituted a deductible expense when paid or accrued, the subscriber's taxable income for the taxable year will be increased and any loss for the taxable year will be decreased, by the amount credited to his account. Amounts credited to a subscriber's account which are taken into income by him and which subsequently are used to absorb losses of the reciprocal shall be treated by the subscriber as an additional insurance expense for the taxable year in which the amounts are absorbed. Such amounts may be deducted in computing taxable income to the extent insurance constitutes an otherwise properly deductible expense for such taxable year.

[T.D. 6681, 28 FR 11118, Oct. 17, 1963]

§ 1.823-8 Special transitional underwriting loss; cross reference.

With respect to taxable years beginning after December 31, 1962, and before January 1, 1968, section 821(f) provides, for any company subject to the tax imposed by section 821(a), a special reduction in the statutory underwriting income if such company was subject to tax under section 821 for the five taxable years immediately preceding January 1, 1962, and incurred an underwriting loss in each of such five taxable years. For rules relating to the determination of the amount of such reduction, see section 821(f) and § 1.821-5.

[T.D. 6681, 28 FR 11118, Oct. 17, 1963]

§ 1.825-1 Unused loss deduction; in general.

(a) *Amount of deduction.* Section 825(a) provides that the unused loss deduction of a mutual insurance company subject to the tax imposed by section 821(a) shall be an amount equal to the sum of the unused loss carryovers and carrybacks to the taxable year. The amount so determined is used in the computation of mutual insurance company taxable income for the taxable year. See section 821(b) and § 1.821-4.

(b) *Unused loss defined.* Section 825(b) defines the term "unused loss" as the amount (if any) by which:

(1) The sum of the statutory underwriting loss (as defined in section

823(a)(2)) and the investment loss (as defined in section 822(a)(2)) exceeds

(2) The sum of:

(i) The taxable investment income (as defined in section 822(a)(1)),

(ii) The statutory underwriting income (as defined in section 823(a)(1)), and

(iii) The amounts required to be subtracted from the protection against loss account under section 824(d).

(c) *Steps in computation of unused loss deduction.* The three steps to be taken in the ascertainment of the unused loss deduction for any taxable year are as follows:

(1) Compute the unused loss for any preceding or succeeding taxable year from which an unused loss may be carried over or carried back to the taxable year.

(2) Compute the unused loss carryovers to the taxable year from such preceding taxable years and the unused loss carrybacks to the taxable year from such succeeding taxable years.

(3) Add such unused loss carryovers and carrybacks in order to determine the unused loss deduction for the taxable year.

(d) *Statement with tax return.* Every mutual insurance company taxable under section 821(a) claiming an unused loss deduction for any taxable year shall file with its return for such year a concise statement setting forth the amount of the unused loss deduction claimed and all material and pertinent facts relative thereto, including a detailed schedule showing the computation of the unused loss deduction.

(e) *Ascertainment of deduction dependent upon unused loss carryback.* If a mutual insurance company taxable under section 821(a) is entitled in computing its unused loss deduction to a carryback which it is not able to ascertain at the time its return is due, it shall compute the unused loss deduction on its return without regard to such unused loss carryback. When the company ascertains the unused loss carryback, it may within the applicable period of limitations file a claim for credit or refund of the overpayment, if any, resulting from the failure to compute the unused loss deduction for the taxable year with the inclusion

of such carryback; or it may file an application under the provisions of section 6411 for a tentative carryback adjustment.

(f) *Law applicable to computations.* The following rules shall apply to taxable years for which the taxpayer is subject to the tax imposed by section 821(a):

(1) In determining the amount of any unused loss carryback or carryover to any taxable year, the necessary computations involving any other taxable year shall be made under the law applicable to such other taxable year.

(2) The unused loss for any taxable year shall be determined under the law applicable to that year without regard to the year to which it is to be carried and in which, in effect, it is to be deducted as part of the unused loss deduction.

(3) The amount of the unused loss deduction which shall be allowed for any taxable year shall be determined under the law applicable for that year.

[T.D. 6681, 28 FR 11122, Oct. 17, 1963]

§ 1.825-2 Unused loss carryovers and carrybacks.

(a) *Years to which loss may be carried—*

(1) *In general.* In order to determine its unused loss deduction for any taxable year, a mutual insurance company taxable under section 821(a) must first determine the part of any unused losses for any preceding or succeeding taxable years which are carryovers or carrybacks to the taxable year in issue. An unused loss is to be an unused loss carryback to each of the 3 taxable years preceding the loss year, and an unused loss carryover to each of the 5 taxable years following the loss year, subject to the limitations provided in section 825(g) and subparagraph (2) of this paragraph.

(2) *Limitations.* An unused loss may not be carried:

(i) To or from any taxable year beginning before January 1, 1963,

(ii) To or from any taxable year for which the taxpayer is not subject to the tax imposed by section 821(a), nor

(iii) To any taxable year if, between the loss year and such taxable year, there is an intervening taxable year for which the taxpayer was not subject to the tax imposed by section 821(a).

(3) *Periods of less than 12 months.* A fractional part of a year which is a taxable year under sections 441(b) and 7701(a)(23) is a preceding or a succeeding taxable year for the purpose of determining under section 825 the first, second, etc., preceding or succeeding taxable year.

(b) *Loss year defined.* The term “loss year” as used in this section means any taxable year for which a company subject to the tax imposed by section 821(a) has an unused loss in excess of zero.

(c) *Amount of carrybacks and carryovers.* Section 825(e) provides that in the case of a loss year for a company taxable under section 821(a), the entire amount of the unused loss shall be carried to the earliest taxable year to which such loss may be carried under section 825(d) (subject to the limitations of section 825(g)). The amount of the unused loss carried to each of the other taxable years to which such loss may be carried under section 825(d) following such earliest taxable year shall be the excess (if any) of such loss over the sum of the offsets for each taxable year preceding the taxable year to which the unused loss is carried.

(d) *Offset defined—(1) In general.* Section 825(f) defines the term “offset” and provides that the taxable year to which an unused loss is carried shall be referred to as the “offset year”. The definition of the term offset in the case of an unused loss carryback to an offset year, differs from the definition of such term in the case of an unused loss carryover to an offset year.

(2) *Offset in case of carryback.* In the case of an unused loss carryback from the loss year to the offset year, the offset is the mutual insurance company

taxable income for the offset year, computed without regard to any unused loss carryback from the loss year or any taxable year thereafter.

(3) *Offset in case of carryover.* In the case of an unused loss carryover from the loss year to the offset year, the offset is equal to the sum of:

(i) The amount required to be subtracted from the protection against loss account under section 824(d)(1)(C) (relating to amounts equal to the unused loss carryovers to the offset year), plus

(ii) The mutual insurance company taxable income for the taxable year, computed without regard to any unused loss carryback or carryover from the loss year or any taxable year thereafter.

[T.D. 6681, 28 FR 11123, Oct. 17, 1963]

§ 1.825-3 Examples.

The application of section 825 may be illustrated by the following examples:

Example 1. For the taxable year 1967, F, a mutual insurance company subject to the tax imposed by section 821(a), has the following items:

Taxable investment income	1
Underwriting loss	59
Addition to protection against loss account	8
Statutory underwriting loss	67

The subtractions from the protection against loss account are as follows:

Amount subtracted from amounts in account with respect to taxable years 1963 through 1966	18
Amount subtracted from amounts in account with respect to taxable year 1967	8

Total subtractions from protection against loss account under section 824(d)	26
--	----

The application of section 825 in this case may be illustrated by the facts and results shown in the following table and explained below:

	TAXABLE YEAR					
	1963	1964	1965	1966	1967	1968
Protection against loss account:						
Addition to account during taxable year	6	2	3	7	8	7
Subtraction from account during taxable year	0	0	0	0	8	7
Protection against loss account (at end of year)	6	2	3	7	0	0
Protection against loss account (at end of taxable year 1968)	0	0	0	0	0	0
Unused loss	0	0	0	0	40	0
Unused loss carryback	0	40	35	25	0	0
Unused loss carryover	0	0	0	0	0	18
Unused loss deduction	0	40	35	25	0	18
Mutual insurance company taxable income (computed without regard to unused loss)	13	5	10	7	0	2

TAXABLE YEAR—Continued

	1963	1964	1965	1966	1967	1968
Mutual insurance company taxable income (computed with regard to unused loss)	13	0	0	0	0	0
Offset for year	0	5	10	7	0	9
Offset total	0	5	15	22	22	31

1967: Under the provisions of section 825(b), F's unused loss for 1967 is 40, the amount by which the sum of the statutory underwriting loss and the investment loss, 67 (67 plus 0), exceeds the sum of the taxable investment income, the statutory underwriting income, and the amounts required to be subtracted from the protection against loss account under section 824(d) for the taxable year, 27 (the sum of 1, 0, and 26, respectively).

1967 carryback to 1964: Under the provisions of section 825(e), the entire unused loss for 1967 of 40 is carried back to 1964, the earliest year to which the loss may be carried under section 825(d). Since there are no other amounts carried to 1964, the unused loss deduction for 1964 is 40. Thus, after taking the unused loss deduction into account, the mutual insurance company taxable income for 1964 is zero, and the offset for 1964 is 5 (the mutual insurance company taxable income for 1964 determined without regard to the unused loss carryback from 1967 or any year thereafter).

1967 carryback to 1965: The portion of the unused loss for 1967 which is carried back to 1965 is 35 (40 minus 5, the offset for 1964). After taking the unused loss deduction into account, the mutual insurance company taxable income for 1965 is zero. The offset for 1965 is 10, the mutual insurance company taxable income for 1965 determined without regard to any unused loss carryback from 1967 or any year thereafter.

1967 carryback to 1966: The portion of the unused loss for 1967 which is carried back to 1966 is 25. This amount is the excess of the unused loss for 1967 of 40 over the sum of the offset for 1964 (5) and the offset for 1965 (10). As a result of the unused loss deduction the mutual insurance company taxable income for 1966 is reduced to zero. The offset for 1966 is 7.

1967 carryover to 1968: Under the provisions of section 825(d), the portion of the unused loss for 1967 which is carried forward to 1968 is 18 (40 minus the sum of 5, 10, and 7, the offsets for 1964, 1965, and 1966, respectively). Under section 825(f)(2), this amount is first applied against any amounts in the protection against loss account at the end of 1968, and is then applied against the mutual insurance company taxable income for 1968 (computed without regard to any unused loss carryovers or carrybacks from 1967 or any taxable year thereafter). Thus, assuming that there are no other subtractions from its

protection against loss account under section 824(d) for 1968, F's protection against loss account of 7 is reduced to zero by reason of the subtraction under section 824(d)(1)(C). The remaining portion of the unused loss for 1967 which is carried to 1968, 11 (18 minus 7, the amount of the unused loss carryover to 1968 which is subtracted from the protection against loss account under section 824(d)(1)(C)), is then applied against the mutual insurance company taxable income for 1968 computed without regard to any unused carryback or carryover from the loss year (1967) or any taxable year thereafter. After the application of the unused loss deduction for 1968, the mutual insurance company taxable income for 1968 is zero. The offset for 1968 is 9, the sum of the amount required to be subtracted from the protection against loss account under section 824(d)(1)(C) for 1968 (7), plus the mutual insurance company taxable income for 1968, determined without regard to any unused loss carryover or carryback from 1967 or any year thereafter (2). The remaining 9 of the unused loss for 1967 (40 minus the sum of 5, 10, 7, and 9, the offsets for 1964, 1965, 1966, and 1968, respectively), is carried forward to 1969, and to the extent not used in that year or any year thereafter, may be carried forward to 1970, 1971, and 1972, in that order.

Example 2. If in example 1 F had an unused loss in 1966 of 22, then, with respect to F's 1967 unused loss of 40, the offset for 1964 would be zero; the offset for 1965 would be 6—the 1965 mutual insurance company taxable income of 10 less an unused loss carryback of 4 from 1966 (the 1966 unused loss of 22 minus the 1963 offset of 13 and the 1964 offset of 5); the offset for the loss year 1966 would be zero, and 34 (the 1967 unused loss of 40 minus the offset for 1965 of 6) would remain as an unused loss carryover to 1968, 1969, 1970, 1971, 1972, in that order. Thus, the unused loss carrybacks or carryovers to an offset year are applied against the mutual insurance company taxable income for such year in the order in which the losses occurred, with the earliest loss being offset first.

Example 3. For the taxable year 1963, M, a mutual insurance company subject to tax imposed by section 821(a), has an unused loss (as defined in section 825(b)) of \$65,000. Under section 825(g), the loss may not be carried back to any taxable year beginning before 1963. However, the loss may be carried forward to each of the 5 taxable years following

§ 1.826-1

26 CFR Ch. I (4-1-08 Edition)

1963 provided that for each of such succeeding taxable years M is subject to the tax imposed by section 821(a).

Example 4. Assume the facts are the same as in example 3, except that for the taxable year 1964, the gross amount received by M from the items described in section 822(b) (other than paragraph (1)(D) thereof) and premiums (including deposits and assessments) exceeds \$150,000 but does not exceed \$500,000. If M does not make the election under section 821(d) (relating to election to be taxed under section 821(a)) for 1964, M's 1963 unused loss of \$65,000 will not be allowed as an unused loss carryover or carryback since, by reason of section 825(g)(3), the unused loss may not be carried to any taxable year if, between the loss year and such taxable year, there is an intervening taxable year for which the insurance company was not subject to the tax imposed by section 821(a), and by reason of section 825(g)(1), the unused loss may not be carried to any taxable year beginning before 1963.

[T.D. 6681, 28 FR 11123, Oct. 17, 1963]

§ 1.826-1 Election by reciprocal underwriters and interinsurers.

(a) *In general.* Except as otherwise provided in section 826(c), any mutual insurance company which is an interinsurer or reciprocal underwriter taxable under section 821(a) may elect under section 826(a) to limit its deductions for amounts paid or incurred to its attorney-in-fact to the deductions of its attorney-in-fact which are allocable to income received by the attorney-in-fact from the reciprocal during the taxable year. See § 1.826-4 for rules relating to allocation of expenses. In no case may such an election increase the amount deductible by the reciprocal for amounts paid or due its attorney-in-fact for the taxable year. The election allowed by section 826(a) and this section in effect increases the income of the reciprocal by the net income of the attorney-in-fact attributable to its business with the reciprocal. A reciprocal making the election is allowed a credit for the amount of tax paid by the attorney-in-fact for the taxable year which is attributable to income received by the attorney-in-fact from the reciprocal. See section 826(e) and § 1.826-5.

(b) *Companies eligible to elect under section 826(a).* Any mutual insurance company which is a reciprocal underwriter or interinsurer subject to the tax imposed by section 821(a) may elect

(in the manner prescribed by paragraph (c) of this section) to be subject to the limitation provided by section 826(b) and paragraph (a) of this section provided the attorney-in-fact of the electing reciprocal:

(1) Is subject to the taxes imposed by section 11 (b) and (c) and the regulations thereunder;

(2) Consents (in the manner provided by paragraph (a) of § 1.826-3) to provide the information required under paragraph (b) of § 1.826-3 during the period in which the election made under section 826(a) and this section is in effect;

(3) Reports the income received from the reciprocal and the deductions allocable thereto under the same method of accounting used by the reciprocal in reporting its deductions for amounts paid or due its attorney-in-fact; and

(4) Files its income tax return on a calendar year basis.

(c) *Manner of making election.* The election provided by section 826(a) and this section shall be made in a statement attached to the taxpayer's income tax return for the first taxable year for which such election is to apply. The statement shall include the name and address of the taxpayer, shall be signed by the taxpayer (or its duly authorized representative), and shall be filed not later than the time prescribed by law for filing the income tax return (including extensions thereof) for the first taxable year for which such election is to apply. For information required of an electing reciprocal, see paragraph (e) of this section.

(d) *Scope of election.* The election allowed by section 826(a) is binding for the taxable year for which made and all succeeding taxable years unless the Commissioner consents to a revocation of such election. Whether revocation will be permitted will depend upon the facts and circumstances of each particular case.

(e) *Information required of an electing company.* Every reciprocal underwriter or interinsurer making the election provided by section 826(a) and this section shall, in the manner provided by paragraph (f) of this section, furnish the following information for each taxable year during which such election is in effect:
